

General Eligibility Information About Medicaid

Medicaid helps pay medical bills for low-income individuals who meet eligibility criteria. There are three agencies in Alabama that certify individuals for Medicaid. These agencies are the Social Security Administration, the Department of Human Resources, and the Alabama Medicaid Agency. Each of these agencies certifies certain groups of individuals for Medicaid based on their circumstances.

The Social Security Administration certifies individuals for the following programs:

Aged, blind, or disabled persons who have very low income may qualify for cash assistance through the Supplemental Security Income (SSI) program. Individuals eligible for SSI are automatically eligible for Medicaid. To apply for SSI, contact the Social Security Office serving your area.

The Department of Human Resources certifies individuals for the following program:

Foster children, children who receive State or Federal Adoption Assistance may also be eligible for Medicaid. Persons should contact the Department of Human Resources (DHR) Office in the county in which they live to apply for this program.

Contact the Medicaid District Office serving your county of residence to apply for this program.

The widow/widower must be over the age of 50, but not yet 65.
